

## Video Layout

**Duration:** around 3 min

**ICT tool:** Windows Live Movie Maker, or any software or apps that can make a video.

**First:** Project Logo, eTwinning Logo, school Logo, Title, Group number and names of the students.

**Second:** Make the Trick

- You have to “act” as a magician does to present his trick. You can dress up
- When you present your trick, describe clearly the procedure so that your audience can do the experiment.
- Once the experiment is done, present the results, or the observations

- DO NOT GIVE the scientific explanation as your partners will have to find out your “trick “!

**Third:**

Materials used:.....

**Fourth:** You can add “bloopers” if you wish
